

From the Publisher:

Dalmatian Press is partnering with Sesame Street to produce *Grover's 10 Terrific Ways to Help Our Wonderful World*, printed on recycled paper.

Ranger Grover takes readers on a colorful trip though this "beau-ti-ful world," a world that needs to be protected. "The world gives us everything we need to live—food to eat and water to drink and air to breathe!" Grover explains. "The world also gives us snow, sunshine, and rain!"

Sesame Street favorites, such as Elmo, Big Bird, and Oscar the Grouch, join Grover in offering simple tips, such as:

- *Respect and be kind to all living things.* (Cookie Monster shares cookie crumbs!)
- *Re-use things rather than throwing them away.* (Oscar makes treasures out of trash.)
- *Do not waste energy.* ("1,2,3... lights out!" says the Count.)

Dalmatian and Sesame Street "go green" with this special 8-x-8 book later this summer.

So many more fun Sesame Street books from Dalmatian are in store. Keep in mind Dalmatian books celebrating Sesame Street's 40th anniversary in 2009!
